To whom it may concern,

I was given an article about the plans for another Nuclear Plant to be built, while protesting nuclear bombs and killing, at the recent inauguration demonstration. This is why I am writing you this letter.

The American people should be told about this 4 Billion dollar plant, and the Afro Americans in Scarboro should also be told of this plan. The plant would certainly endanger their lives and even kill some.

It is imperative that we tell Pres. Geo. Bush how wrong this expenditure is, with killing people only in mind. This money should be spent for the hungry, the homeless, the mentally ill, and thousands in prison needlessly.

I congratulate you and applaud your efforts. I intend to be part of your plan for no more nuclear bombs and for peace throughout the world.

Sincerely,
Louise K. Stephens

Comment noted. There is no plan or proposal in the Y-12 SWEIS to build a new bomb plant or manufacture nuclear weapons. In accordance with Section 91 of the *Atomic Energy Act*, DOE carries out its mission (i.e., atomic weapons activities) consistent with the consent of and direction from the President and Congress. This consent and direction are contained in the Nuclear Weapons Stockpile Memorandum, which is updated annually. (The commentor is referred to the DOE response to Comment No. 20 for issues concerning the Scarboro Community on page 212.) The issue of whether DOE should produce nuclear weapons is beyond the scope of the Y-12 SWEIS. In addition, alternative uses of the Nation's funds are beyond the scope of the Y-12 SWEIS.
